About Us

Samrat Trading is a trusted name in wholesale supplier of cement, steel, plumbing materials, paints, hardware, building materials, screws, fasteners, and construction tools etc. We are proud to be an Authorized UTech Building Solution Showroom, offering genuine UTech cement products at wholesale rates across Maharashtra.

Categories we deals in:

Our product range includes cement, TMT steel, plumbing pipes & fittings, paints, hardware items, building materials, screws, fasteners, and construction tools, supplied at competitive wholesale rates. Backed by a reliable logistics network, we provide delivery services across Maharashtra, ensuring timely and safe supply of bulk orders.

Vision:

At Samrat Trading, we believe in long-term business relationships built on quality products, transparent pricing, and dependable service. Whether it is a single truckload of cement or complete construction material supply for a project, we are committed to meeting customer requirements efficiently.

Brands we Love

Store & Warehouse Gallery

Our retail store is well-organized with a wide range of quality construction and industrial products. Clear display, ready stock, and helpful service ensure a smooth buying experience.

• Need Any Specific Products ?

Our extensive product range includes over 3000 high-quality products, and it's not possible to showcase each and every item in this catalogue. We have carefully selected a wide variety of products here to give you an overview of what we offer. If you are looking for any specific product, have special requirements, or need detailed information about specifications, pricing, or availability, please do not hesitate to get in touch with us. Simply share your requirement with our team, and we will assist you with the right product selection, availability details, and reliable service support. Our dedicated team is always ready to assist you and ensure you find exactly what you need.

For further assistance, inquiries, or bulk orders, feel free to contact us:

• Cement & Mortars

Discover our range of high-quality cement and mortars designed for strong, durable, and long-lasting construction. Suitable for residential, commercial, and industrial applications with consistent performance and reliability.

Ultratech super
Premium PPC cement for strong & long-lasting construction

Ultratech ppc
General purpose ppc cement with durable performance

KCP cement
Consistent performance PPC cement for daily construction use

Utec Fixoblock
Ready-to-use block jointing mortar for AAC blocks

Tilefixo CT
Ceramic tile, Floor & wall Normal residential use for Cost-effective option

Tilefixo Ct strong
Ceramic tiles Floor & wall (high bonding required areas) Better grip than CT Suitable for slightly bigger tiles

Tilefixo VT
Use for Vitrified tiles, Large format tiles, Floor application, High strength

Tilefixo NT
Use for Natural stone tiles, Marble, granite, kota stone. Heavy stone fixing

TILEFIXO YT
Wall tiles Ceramic / light vitrified tiles Vertical application

EXTRA PLUS WHT
Use for Glass mosaic tiles Light coloured marble Designer & decorative tiles White cement base Stain-free finish

POWER GT NS1
cement based grout for wall & light duty tile joint

POWER GT NS2
cement based grout for floor tiles & heavy traffic area

• Water Tanks

Explore our range of high-quality water storage tanks designed for durability, hygiene, and long-lasting performance. Ideal for residential, commercial, and industrial water storage needs.

SINTEX PURE

Food-grade water tanks for hygienic, durable residential and commercial storage.

SINTEX PURE +

Food-grade water tanks for hygienic, durable residential and commercial storage.

SINTEX HERO

Heavy-duty water tank for tough conditions, high durability, and long-lasting performance.

SINTEX TATVA

Advanced multi-layer water tank for superior strength, insulation, and long-lasting durability.

LOFT TANK

Space-saving loft tank ideal for low-height areas with durable, hygienic water storage.

SINTEX TITUS

Strong, durable water tank designed for long life and reliable everyday water storage.

SINTEX RENO

Durable water tank designed for renovation projects with reliable strength and long-lasting performance.

SINTEX SMART

Cost-effective water tank offering reliable quality for everyday residential water storage.

UNDERGROUND TK

Designed to collect, store, and reuse rainwater efficiently for sustainable water management.

COMMUNITY TANK

Large-capacity water tank ideal for community, commercial, and public water storage needs.

SEPTIC TANK

Prefabricated, leak-proof septic tank for hygienic and long-lasting wastewater management.

SEPTIC TANK

Prefabricated, leak-proof septic tank for hygienic and long-lasting wastewater management.

• Plumbing pipes & fitting

Discover our range of plumbing pipes and fittings designed for efficient water flow, durability, and long-term performance. Suitable for residential, commercial, and industrial plumbing applications.

SINTEX CPVC
Heat-resistant CPVC fittings designed for hot and cold water plumbing systems.

SINTEX UPVC
High-quality plumbing solution designed for efficient cold water supply systems.

SINTEX SWR
Durable soil, waste, and rainwater drainage piping system for residential and commercial buildings.

SINTEX AGRI
Durable water storage solutions specially designed for agricultural and farming applications.

SINTEX GROUND
Heavy-duty underground drainage pipes offering high strength, durability, and leak-proof performance.

SINTEX HDPE
High-strength HDPE piping system designed for infrastructure, industrial, and large-scale water projects.

SINTEX RECLAIMX
Advanced wastewater reuse and storage solution designed for sustainable water management.

Sintec HotX
Multi-layer composite pipes for hot and cold water plumbing systems.

SINTEX ULTRAX
High-strength uPVC pressure pipes for potable water supply and plumbing applications.

CLEANING KIT
Complete kit for easy, safe, and hygienic water tank cleaning.

Sintex Complete Product Range: Water tanks, pipes, fittings, plumbing and water management solutions for residential, commercial, agricultural and infrastructure needs.

SMC PANEL TANKS
Modular large-capacity water tanks for industrial, commercial, and infrastructure storage needs.

• Paints & Textures

Explore our range of high-quality paints designed to deliver superior finish, long-lasting protection, and vibrant colors. Ideal for residential, commercial, and industrial applications.

Birla opus One
Luxury category paints offering premium finish, rich colors, and long-lasting protection.

Birla opus calista
Premium decorative paint with rich color depth and smooth, elegant finish for interior walls.

Birla opus style
Affordable and reliable paint solutions offering good coverage and a smooth finish.

Birla Opus Alldry
Provides reliable protection against water leakage and dampness for roofs, bathrooms, and walls.

Calista Enamel
offers a smooth, glossy finish with good durability and long-lasting colour. Suitable for metal and wooden surfaces

Style Enamel
Ceramic tiles Floor & wall (high bonding required areas) Better grip than CT Suitable for slightly bigger tiles

Calista Primer
Offers strong adhesion and a smooth base for topcoat application. Suitable for metal and wooden surfaces.

Allwood
Offers a smooth finish with strong adhesion and long-lasting protection for wooden surfaces.

Universal Thinner
Ensures proper thinning for smooth application and uniform finish. Suitable for use with wood coatings and enamel paints.

Roller
Designed for roller application to create stylish and uniform textured finishes.

Roller 15
Specially designed roller for smooth and even application of texture finishes.

Wall Putty
Birla White Putty provides a smooth, strong base for paint with excellent whiteness and coverage.

• Tools & Accessories

A comprehensive range of tools and accessories designed for accuracy, durability, and efficient performance. Ideal for professional, industrial, and everyday application needs

HAND TOOLS

Strong, ergonomic tools for regular construction and repair jobs.

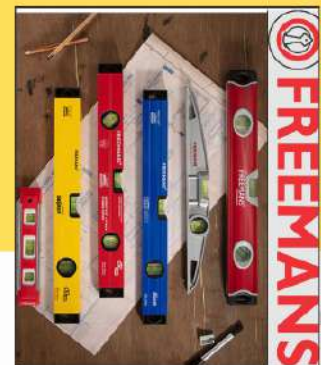

PT ACCESSORIES

Quality accessories for efficient and safe power tool use.

MEASURING TAPES

Accurate, durable tapes for daily site and workshop measurements

SPIRIT LEVEL

Precision levels for perfect alignment and leveling work.

MEASURING WHEEL

Easy distance measurement for roads, plots, and sites.

TEST & MEASURE TOOLS

Reliable tools for checking, testing, and accuracy control.

PRECISION TOOLS

High-accuracy tools for fine and detailed work.

CUTTERS & RULES

Use for Natural stone tiles, Marble, granite, kota stone. Heavy stone fixing

TRIPOD SET

Precision layout and marking tools for accurate measuring, alignment, and professional finishing.

POWER TOOLS

High-performance electric tools designed for efficient cutting, drilling, grinding, and fastening.

TOOLS BOX KIT

TOOL BOX SETS

Complete set of essential tools organized for easy storage and everyday professional use.

Lawn Cutter & Clay Weeder

Gardening and agricultural tools for grass cutting, weed removal, and soil maintenance.

• Screws & Fasteners

A wide range of high-quality screws designed for strong fastening, durability, and reliable performance. Suitable for construction, industrial, and general fixing applications.

SELF DRILLING SCREWS
Fast-fixing screws that drill and fasten in one step without pre-drilling.

DRY WALL SCREWS
Specially designed screws for quick and secure gypsum board fixing.

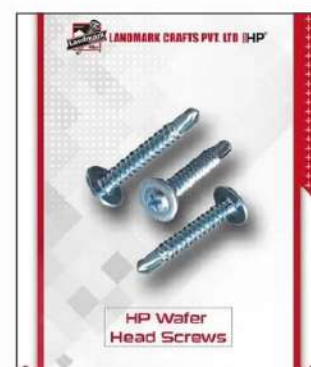

CSK HEAD SCREWS
Countersunk head screws designed for flush, neat, and firm fixing.

WINGS SCREWS
Self-drilling screws with wings for fixing metal to wood cleanly and securely.

BLIND RIVET
Fasteners used for strong, permanent joints when access is available from one side only.

WAFER HEAD SCREWS
Low-profile screws designed for wide bearing surface and neat fastening.

COLOR HEAD SCREWS
Pre-pointed screws providing corrosion resistance and clean, color-matched fastening finish.

PUF PANEL SCREWS
Special fastening screws designed for secure, insulated panel fixing with leak-proof performance.

CYCLONE WASHER
Sealing washer used with roofing screws for leak-proof and weather-resistant fixing.

BUTYL TAPE
High-adhesion sealing tape for waterproofing, insulation, and leak prevention.

BOWL WASHER
Curved sealing washer used with screws for secure, leak-proof roofing fixation.

PHILLIP BIT
Hardened machine bits designed for power tools, providing strong grip and long service life.

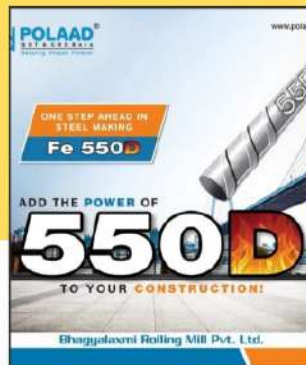

• Building Materials

A complete range of essential building materials including blocks, steel, wire, nails, and aggregates for strong and reliable construction. Suitable for residential, commercial, and infrastructure projects.

Aac Blocks

Lightweight and high-strength blocks offering excellent thermal insulation and faster construction.

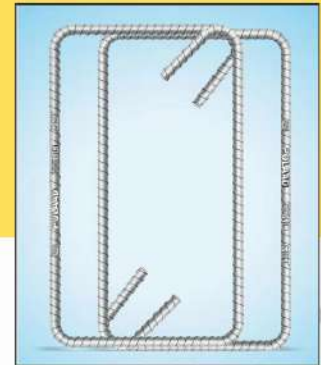

Polaad Steel

Polaad Steel offers high-strength TMT bars with excellent durability and earthquake resistance.

Rajuri Steel

offers strong and reliable steel suitable for residential and project construction. Known for consistent quality and durability.

Stirrups

Reinforcing steel for enhanced structural strength in beams and columns.

Binding Nails

High-quality steel nails for strong and secure fastening.

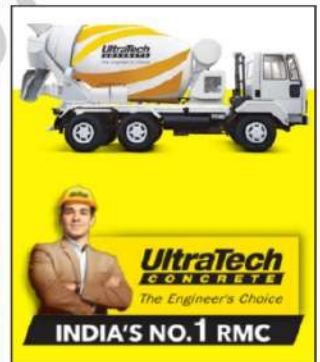

Binding Wires

High-quality steel binding wire for strong and secure reinforcement.

Fine Plaster Sand

Premium quality plaster sand for smooth and durable wall finishes.

Ultratech RMC

Ready-mix concrete from Ultratech for strong and durable construction.

Eshan Gold Wallplast

High-quality hydrated lime powder for masonry, plastering, and construction use.

Surya Gold Wallplast

Premium hydrated lime powder for plastering, masonry, and construction use.

Birla White Cement

High-quality white cement for smooth finishes and durable construction.

Tile Grout

Durable tile grout for strong joints and smooth finishes.

• Non Trade Supply

We provide a limited yet carefully selected range of products under our Non-Trade Supply category to meet institutional, project-based, and bulk requirements. While only a few products are listed here, each one is chosen to ensure quality, reliability, and consistent performance.

• **ULTRATECH CEMENT**

UltraTech Cement is a trusted brand known for its consistent quality, strength, and durability. It is suitable for residential, commercial, and infrastructure construction where reliable performance is required. This product is available under Non-Trade Supply, ideal for projects, institutional use, and bulk requirements. For pricing and availability, please contact us.

• **SINTEX TANKS & PLUMBING**

Sintex offers durable and reliable water storage tanks and plumbing solutions known for quality and long service life. The range is suitable for residential, commercial, and infrastructure projects. This category is available under Non-Trade Supply, ideal for project-based and bulk requirements. For specifications, pricing, and availability, please contact us.

• **BIRLA OPUS PAINTS**

Birla Opus Prime is a dedicated Non-Trade product range developed for project-based and institutional requirements. This range includes selected high-quality products designed for consistent performance and reliable application. Birla Opus Prime is ideal for large-scale projects, contractors, and bulk supply needs. For product details, pricing, and availability, please contact us.

• Adhesives & Lubricants

A complete range of high-performance adhesives and lubricants designed for strong bonding, smooth operation, and long-lasting reliability. Suitable for construction, industrial, and general maintenance applications.

Ultratech Building Products

Provides reliable protection against water seepage and dampness. Suitable for roofs, terraces, bathrooms, and project applications.

Dr. Fixit Waterproofing System

Reliable waterproofing solutions to prevent leakage and dampness. Suitable for residential and project applications.

Araldite Adhesives

High-strength adhesive providing strong and durable bonding. Suitable for metal, wood, ceramic, and household applications.

Roff Mortars & Adhesives

Tile fixing and grouting solutions ensuring strong bonding and long-lasting finish. Suitable for residential and project applications.

MYK Laticrete Tile Adhesives

Premium tile fixing, grouting, and waterproofing solutions offering strong bonding and long-lasting performance. Suitable for residential and project applications.

Ultratech TileFixo

Reliable tile adhesive and fixing solutions ensuring strong bonding and durability. Suitable for residential and project applications.

M-Seal

Strong sealing compound for quick repairs and leak sealing. Suitable for metal, wood, plastic, and household applications.

Fevicol

High-quality adhesive offering strong and long-lasting bonding. Suitable for wood, furniture, and interior applications.

Fosroc

Construction chemicals and waterproofing solutions for durable and reliable performance. Suitable for residential, commercial, and project.

Astral Adhesives

Reliable adhesive and bonding solutions designed for strong, long-lasting performance. Suitable for construction, plumbing, and interior applications.

Castrol Lubricants

High-performance lubricants and oils ensuring smooth operation and engine protection. Suitable for automotive, industrial, and machinery applications.

Gulf lubricants

Quality lubricants and oils designed for reliable performance and equipment protection. Suitable for automotive and industrial applications.

Terms & Condition:-

- **Refund And Return Policy :-**
- All sales are subject to verification and confirmation at the time of billing and dispatch. We request customers to check the products carefully before finalizing the order. Returns or refunds are accepted only in case of manufacturing defects, damaged goods, or incorrect products supplied, and must be reported within 24 hours of delivery. Products must be unused, in original condition, and with original packaging to be eligible for return.
- No return or refund will be accepted for products ordered specifically on customer demand, bulk orders, Non-Trade supplies, or once the material has been used or installed.
- Refunds, if approved, will be processed through the original mode of payment or adjusted against future purchases, as per mutual agreement.
- **Transportation Policy**
- Transportation charges, if applicable, will be charged extra and informed at the time of order confirmation. Transit insurance is not included unless specifically requested by the customer. All goods travel at the customer's risk, and any loss, damage, or shortage during transit shall be the responsibility of the receiving party. Claims related to transit damage will not be entertained unless prior insurance has been arranged
- **Installation Charges**
- Installation charges, if any, are not included in the product price unless clearly mentioned. Installation services are subject to availability and will be charged separately. Customers are advised to confirm installation requirements and charges in advance.
- **Warranty & Guarantee:-**
- Warranty and guarantee on products are strictly as per the manufacturer's terms and conditions. Warranty coverage varies by product and brand and is applicable only against manufacturing defects. No warranty or guarantee is provided for damages caused due to improper handling, storage, installation, or usage.
- **Payment Terms:-**
- For new customer accounts, all orders shall be processed strictly on a 100% advance payment basis at the time of order confirmation.
